Comment Reasons:

Comment: The centre is needed for the Muslim Community and also for the wider Local Community. The traffic will not be increased as we are already using Saint. John's Church nearby. Many local people will walk and not use a car. The volume of people going to the Masjid will not go up. The increase in use will be if they take in other Non Muslim groups at different times so that they do not coincide with the Daily 5 prayers. This is for the Future of the Local Community, both Muslims And Non Muslims. There is a definite need for both Communities to interact to increase Peace and Understanding between Communities. Parking will be available inside the Ex Ambulance Centre, hence , there will not be an excess Amount of parking on the roads. I myself witnessed a great deal of traffic due to the School on Dorset Road. That was very chaotic. How did the Council approve the Building of the School which causes major chaos daily at school times.? The Council has not done anything about this daily traffic jam. !
