Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I totally object to the planning application DM2025/01591 on the grounds of public safety and inconvenience to residents (including late night functions)

The proposed location is in a quiet residential area which includes a care home nearby and a primary School. The traffic situation is very bad now with the school finishing at various times of the day, and the proposed development will only make matters worse.

To only have 12 parking bays onsite with the proposed amount of vehicles entering the area is inadequate. Looking ahead eventually more and more people may want to use the proposed facility leading to more vehicles due to poor public transport facilities in the area.

For the above reasons I object to this planning application.
