Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The close proximity of the Avenue Primary Academy already creates traffic issues on Dorset Road and the surrounding areas which the council already has to address with patrols, adding a new community hub is not going to improve the situation. Will all the streets be restricted with double yellows if this proceeds, impacting the teachers? Regarding Community Hub, Community prayers, etc as outlined by the owners own statements, is this the local community who have not requested or campaigned for this?

I have to question the efficient use of public spaces, currently the hall at St Johns has been used successfully as the hub, why can this not continue? If this is due to religious reasons, then surely the inverse will apply to this new hub, creating further segregation and division in the community.

As a local resident I do also have to question support/objections coming from Morden/Coulsdon?
