Address: 104A Burdon Lane Cheam SM2 7DA

Comment Details

Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: Through being able to use the ambulance station, I will be able to perform prayers in congregation which is more rewarding than prayers performed individually. I would have a place of worship which is local to me so it is convenient. Furthermore, it will be convenient to the wider Muslim community who do not have mosques close to them, so it will be easier for us. The wider space will enable more people to be able to pray in this area. We can engage with the wider community through organising events that can help strengthen our connection not only within our religion but also to develop positive relationships with those around us. Having an established place to pray will provide me comfort knowing that I can attend these prayers without any problems.
