Commenter Type:

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: As someone who lives locally and uses these roads every day, I truly believe this proposal has been planned with care and responsibility. The inclusion of onsite parking, disabled bays and cycle racks shows that traffic has been properly considered. This is a family oriented centre designed to serve the local community, meaning many parents and children will walk rather than drive.

The decision to schedule prayer times outside of school dropoff and pickup hours also shows genuine thoughtfulness. It reflects an understanding of how important school routines and children's safety are to families in this area. With organised timings and appropriate facilities, I am confident the centre can operate smoothly and respectfully alongside the school. I truly believe it will be a positive, community focused space. I wholeheartedly support the application.
