Comment Reasons:

Comment: Hello

I will forward some photos I've taken recently of congestion at the junction of Dorset and York Road to illustrate some of the problems the area experiences with car congestion and safety that are evidence for another complaint I have.

I can see some benefits to the community with this project but unfortunately in my view the impact of extra traffic outweighs this. And that the immediate residents to the ambulance station will have to bear the brunt of extra parking that this will inevitably bring. Also have concerns that the prayer centre will expand further in the coming years.

I have no problems with a prayer group at all but it can not be imposed upon residents who have lived in that area for many years beforehand without the extra traffic flow.

It also seems many objectors are not from the immediate area.
