Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: There are already 12 Islamic places of worship in the immediate area, which is already an excessive provision.

These have caused both parking and noise nuisance in their neighbourhoods. There is little scope for parking on site, and even less possibility for on street parking.

This is a quiet residential street which can only be accessed at one end. The disruption caused to local residents far outweighs the minimal need for additional places of worship for this community.
