Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I am very concerned about the proposed plans for a mosque in what used to be the ambulance base.

My first concern is for the parents and children who need to find spaces to park in order to get their children into school at Avenue Rd Academy. Not only do parents need to park in order to get their children into school on time but- there is an after school club and then infant classes twice a day.

It is also a bus route and I can tell you with the present amount of congestion -this idea would be impossible.

I am always having to ask people not to park across my drive and I can imagine how much worse this proposal would cause.

They apparently have the use of St John's and surely as the church is mostly badly attended there would be space available.

Also there is the gigantic mosque in Morden which could be used by them.

The other consideration is the affect residents would suffer in the value of their property.

Madeleine Lamperd 17 Avenue Rd SM26JE

Would religious traffic would make things so much worse.
