Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: After carefully considering the information made available regarding the use and timetable of use of the proposed building, I feel strongly that the use of the structure would create significant pressure to the congestion already generated in the area. The Avenue School pick up and drop off times as well as other events regularly cause noise and traffic congestion which filters well down York Road. This road has a seven day per week bus service and several nursing homes serviced by a variety of vehicles. Clear access for all is necessary.

There is no doubt in my mind that the proposal would considerably add to existing challenges. As there already is a prayer facility in Sutton, I feel this would create an unnecessary and unwelcome set of problems.
