Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The planners "BASMA" state on their website that currently they have a congregation of "over 200 attendees," and that to "support our expansion" they wish to open at Dorset Road.

Where would all the vehicles park at the Dorset road location in order to accommodate this? The road has a school located close-by. This proposal raises serious safety concerns for vehicles and pedestrians. The surrounding area is residential and does not have the infrastructure to support such expansion plans. Increased traffic congestion, lack of adequate on-site parking for users, and a danger to pedestrians/cyclists/ school children.
