Address: Flat 2 18 Avenue Road Belmont SM2 6JD

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to the proposed development as I believe all of the reasons presented in the letter brief will be impacted, but particularly:

- Increased Traffic & Road Safety Risks / School Safety: the local area already has minimal parking and experiences high levels of traffic, particularly during school times. An additional influx of cars & would make this situation untenable and above all dangerous.
- Serious noise & late night disturbance: the proposed development area is right on the doorstep of a quiet housing development & Avenue Road, where multiple families with young children and elderly adults live. This could become an unnecessarily very stressful living situation for those nearby, which I believe is unfair and irresponsible.
- Visually overbearing & out of character: the development would completely alter the visual landscape of the local area - which in essence is a quiet suburban district with two storey houses and surrounded by green spaces.
