Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: My objection is lack of parking.

The proposed change of use of this building will cause huge problems with parking in the area.

It is already chaos at school drop off and collection time.

I'm surprised that the bus gets along Avenue Road/Holland Avenue at times.

There is no parking in the area for the number of people that will attend the services held at the new building. Service times will clash with school times. I wonder how a child hasn't been injured by now, with the present situation!

This proposal needs serious consideration.
