Comment Reasons:

Comment: We don't need any more new religious monuments in our area.

Ours is a peaceful community.

We want our kids to grow with a free and open mind than with no religious tag.

There is one such structure under construction near high street already, which is barely 2 miles from the proposed building.

There is a primary school very close to proposed religious structure, which is not a good influence on young minds.

Traffic, cleanliness, crime and safety of young, elderly, women and properties is already a huge issue.

Peace loving citizens of this society should not be taken for granted by allowing this religious structure to come up.
