Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:Tx for this opportunity. I strongly object with following reasons.

1. Current heavy traffic - it is heavy traffic and rush situation each school day around school start and finish time. Otherwise also it's a busy road.
2. Pedestrian safety- with traffic jams and honking Pedestrian safety is at stake.
3. Blocked driveway -Many times my driveway is blocked by either parents or guardians if I don't park my car on my driveway white lines. This is reported to school many times and still no viewabke actions from school other than sending emails out.
4. Noise- heavy noise with all listed above
5. Friends and relatives- they need to park cars far away when they visit us.

Considering above we don't have any scope to accommodate massive/demanding place of worship/community hub. There must be reason why it was not F1 F2 type place before and hence that needs to be respected and adhered to. Tx again
