Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This area has more inflow and outflow because of a primary school. It is not appropriate to have any religious structure near a school which will increase coming in and out, of unknown people. There is an elderly people's home as well. This whole area is residential and no outsiders should be allowed considering safety of residents, especially children, women and elderly. Also, there is already a religious praying space for the same community just 1 mile or so away, at high street. There is no justification for having one more at such a short distance.
