Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I wish to formally object to the proposed religious centre at due to its immediate proximity to a busy primary school. The area already experiences significant congestion during drop off and pick up times, and the additional traffic, parking demand, and footfall are likely to create safety risks for children and restrict emergency access. My objection is based solely on planning and public safety grounds, particularly the suitability of this location next to a busy primary school.
