Address: 108 Cornwall Road Cheam SM2 6DS

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Traffic in this area is already heavy because of the school and busy bus routes, and adding further congestion raises safety concerns for both children and parents. This is a residential neighbourhood chosen by people who prefer to live away from busy, high traffic zones and are willing to pay a premium for that environment. Weekend activities will generate considerable noise, which will disturb families and prevent working people from getting adequate rest. To minimise disruption to this residential community, the proposed facility could be placed in a more suitable location-such as a commercial zone, an existing community hub, or areas where similar facilities already operate and infrastructure is better equipped to handle increased traffic and activities.
