

Comments for Planning Application DM2025/01591

Application Summary

Application Number: DM2025/01591

Address: Ambulance Station Dorset Road Belmont SM2 6JH

Proposal: Change of use from Sui Generis (Ambulance Station) to mixed use Classes F1 (Places of Worship) and F2 (Community Hub) involving the erection of a part one, part two storey front and side extension, increase in height to part of building and provision of cycle and refuse stores.

Case Officer: Polly Davidson

Customer Details

Name: Mr Robert Duneclift

Address: 5 Penshurst Way Sutton SM2 6HR

Comment Details

Commenter Type:

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Those who are unfortunate to live in or around the Avenue school and surrounding roads, will no doubt agree that in recent years the traffic congestion has gone from the surreal to the ridiculous. At drop off and collect times common sense and adherence to the road traffic act has clearly evaporated. The red route lines are ignored as are the school safety zig zags.

Driveways of local residents are blocked and busses, lorries and indeed emergency vehicles are severely hampered. Adding to this problem by allowing this application and inviting a further influx of vehicles into the very heart of the congested area, will be no less than a disaster and will affect further the quality of life for those living in the area.

I also object to the initial information sent out that this was intended to be a 'community centre'. Clearly the devil is in the detail but there seems to me a world of difference between a community centre and a mosque.
