Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This is a quiet neighbourhood and that is why people have bought their homes here. Residents with young children and the elderly cannot have late night noise. If a place of worship and a community hub is built, who will police the noise of service users leaving the proposed buildings? What sort of events will take place in the community hub? Who will police what time the events finish? Who will oversee that the community hub is quiet and closed by 6pm? Will the caretaker make sure that the church is closed and locked by 6pm? My occupation was managing a place of worship and community hub, and therefore I am qualified to know that the public will not arrive nor leave quietly. Am happy for you to contact me as I have considerable experience in this area. If this goes ahead, Sutton Council will be bombarded with constant complaints from residents as I was bombarded with complaints when I managed similar buildings.
